DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 9/19/07 has been entered.

The information disclosure statement (IDS) submitted on 9/19/07 was filed after the mailing date of the notice of allowance on 8/30/07. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

claims 1, 3-7, 9-17 remained allowable over the cited prior art.

The following is an examiner's statement of reasons for allowance:

Newly submitted reference JP 60-128,201 was submitted earlier in IDS filed 11/17/06 and had already been considered in office action dated 2/28/07. Claims 1, 3-7, 9-17 were indicated patentable over the reference for the reasons set forth said office action and is incorporated herein by reference. GB 1454111 discloses a sinterable powder composition having high tensile strength and superior surface appearance and formed by mixing with aluminum a non-leafing copper flake powder that contains a sufficient quantity of stearic acid or oleic acid, following by compacting and sintering. See page 1, lines 66-77. None of the reference teaches a sliding component comprising copper-based powder that contains

flat powder particles of copper or copper alloy having an average value of maximum projected areas of the flat powder particles larger than that of maximum projected areas of the iron-based material powder particles and copper is segregated on a surface of said sliding component.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
